

Extension module EM 110 - OT

heatcon! extension module EM 110 - OT

Function:

- OpenTherm module

Attributes:

- Hat rail housing
- Up to 4 heatcon! EM 110 – OT per heatcon! EC 1351 pro possible
- Each heatcon! EM 110 – OT up to 2 OpenTherm machines

heatcon! Extension module EM 110 - OT

Article No.

Technical data

Installation	Hat rail housing in the energy generator
Outlets	GEN (EEZ) – Bus 485 OpenTherm Bus
Connection technology	Screw terminal connection
Maximum cable length to enegy generator	50 m
Maximum cable length to OpenTherm	50 m
Power supply	via heatcon! EC 1351 pro
IP class	0
IP rating	IPO0
Ambient conditions <ul style="list-style-type: none"> • Storage temperature • Operating temperature 	-25 ... +60 °C -10 ... +50 °C
Connections screw terminals	<ul style="list-style-type: none"> • 2 x energy generator bus 485 • 2 x OpenTherm Bus
Standards	DIN EN 60730
Dimensions	53 x 90 x 61 mm (length x width x height) including hat rail
Colour	Grey
